DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 5, and 6 are allowed.
2. The following is an examiner's statement of reasons for allowance: Claims 1, 5, and 6 are allowable because of the apparatus with a slope section formed on a front section of the guide rail as set forth in the claims. None of the prior art cited discloses an apparatus that incorporates the use of a slope section formed on a front section of the guide rail that allows for an engaging block be inserted deeper and deeper into the engaging notches. Therefore, in view of what has been stated above, the claims are allowable over the art of record.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
